Forms free from the restrictive tenets of fashion, for now there are three, expressing themselves as mischievous yet aware of their formal presence. YA-YA is mischievous and ironic, its dual personality endearing. YA-YA wears its materials with such timeless elegance that they could be «anything». The rays projected onto its surfaces light up the most colourless mediums and give them graphic presence.

YA YA is determined to be at the centre, at the heart of places, a long fresco or hooked on modest surfaces.

Its lights are all in suggestive and subtle mother-of-pearl corollas.

and ESPRIT YA YA comes loose from its surfaces to take shape in spaces. The limits of its contours double up to create magical landscapes.

Through keyholes that are free and formed with sense, ESPRIT YA YA sculpts and cuts the light to offer you what you see!

ESPRIT YA YA feels at ease in all circumstances, dinner jackets in a 17th century Chartreuse or a Venetian palace.

Or jeans in a plane tree.

YA YA and ESPRIT YA YA come together harmoniously to illuminate you with their free spirits.

Lights reach us from above. The sun and the moon, eternal accomplices, rise and set early to illuminate our days and stimulate our nights. And the lights from below boil down to, in such concentration, volcanoes that exult the incandescence of the earth, from far, far away. What violence, what unimaginable beauty, all these rays, direct and indirect.

We want to «VOLTE FACE», to play with all these interactions, reflections, direct and indirect rays, rays from above, rays from below, brightness, colours.

ICE-TB 1500 SILVER

A non-Belgian may not yet be able to imagine an ICE, a sweet (praline in «Belgian») melting on the tongue and which, after the initial asperity, releases a flow of praline chocolate down the throat. The ICE enjoys that kind of roundness that captures the senses, brimming with excitement. It is bursting with light, ready to explode in every direction or to be encased in its desires by golden or silver corsets. ICE is as asteroid of light coming from nowhere, coming from elsewhere.

They are linked in their masterful play of acrobatics by a magnet and regale us with the vision of unparalleled elegant movement. It is always exciting to discover the HOW or the WHY, but TENSION(S) conceals its secrets and leaves you overwhelmed by poetry, mystery and attitude without revealing the origins thereof. ANNA BELLE

MAXIM PIEN & LUC VINCENT

74

75

ANNA BELLE 2

ANNA BELLE is endowed with an extremely rare elegance. The textiles enjoy a whiteness nuanced by the material used and the crown says a little too much of the purity of its intentions. For BELLE, seducing you is banal. The oak, an eternal and devilishly virile material, turned towards MORANDI, is the only «support» that suits it. It'll give your home a presence that's both luminous and strong
